EDITORIAL

Welcome to another Club Newsletter.

This month's Meeting on **Monday August 15th** will be a **Bring & Buy** - so an opportunity to either part with or acquire some useful gear.

A Zoom talk **Old Ham Radio Kit – Why the Hell do we Bother?** by **Steve (G3ZPS)** will be presented at the Appledore Football Clubhouse on **September 19th** starting at 8pm. **Steve (G3ZPS)** has been licensed since 1970 and lives in Datford, Kent.

The talk will cover the history of some of the most well loved vintage gear of years gone by, including why and how it can be brought back to life.

This will be an opportunity for members to have an entertaining talk by a distant expert as well as meet up with other members for a cuppa etc.

In **October** your Committee would like to continue to offer an **Open Meeting** for members' family/friends which would have a non radio emphasis. Details are as yet unknown but will be announced asap.

In **November** our Chairman **Mike (G4KXQ)** will be giving another of his excellent talks - this time on the **'uSDX - SDR transceiver'**.

Your Committee is also anxious to participate in more Special Event station activations and is considering taking part this **September 24/25th in Railways on the Air** from the Bideford Railway Station. Their response has been very favourable and a visit is to be arranged to iron out the details and investigate the practicality of where to operate from and erect a suitable antenna.

Terry (G4CHD)
